## J. F. TAYLOR BADLY HURT

Pioneer Citizen the Victim of a Bad Accident Yesterday Afternoon. Collar Bone Broken.

Mr. J. F. Taylor, father of Mrs. John H. Reagan, and a pioneer citizen of Anderson county, and who is now past eighty years of age, was the victim of an accident yesterday afternoon shortly after 4 o'clock. Mr. Taylor had been to the city on business and was returning home, going out Reagan street, driving in his buggy. A negro in a wagon ran into his buggy, turning it over and throwing Mr. Taylor out and badly hurting him. The injured man was hurriedly carried to his home and a physician called from the city. Examination as to the nature of the injuries revealed that Mr. Taylor's collar bone had been broken, his right shoulder badly injured, and he was otherwise bruised. This morning he was reported as doing very nicely, but his injuries are made the more serious because of his advanced age. He is receiving the very best of attention, and his legion of friends hope he will speedily recover. The Herald did not learn the name of the driver who ran into Mr. Taylor's buggy, or what the nature of the accident was as to its cause.

#### GEORGE WILLIAMS KILLED

By Negro Convict Named Tubbs at Oakwoods Friday Afternoon.

Oakwoods, Texas, Jan. 21.—George Williams, a prominent young farmer, was shot this afternoon about 3:30 o'clock and instantly killed while attempting to take Allen Tubbs, a negro, to the peace officers at this place. In company with M. L. McCann, an intimate friend, Williams was conveying Tubbs from a farm in a buggy to Oakwoods. When about two miles from

## A Goodly Response

The people came to this "Sale of White"—crowds of them—And they came to buy.

The public recognize our annual sale of white as an unusually responsible event. They wait for it. Scores of our friends asked about it in advance—for they remembered it from last year—from the year before.

We start the week with fresh lots of "white." Splendid offerings, too—priced to you as if cotton was still nine cents. Let this reason with you—for with cotton at fifteen cents—all of these underwear and white goods offerings will climb in price. Your time is now—and all this week.

interesting and inspiring.

We have had some splendid meetings recently, and they are growing, both in attendance and in interest. These services are for men only, so if you are a working man and haven't time to "dress up," come on in your overalls and cap, and do not feel embarrassed, for what we want is "men," and not "clothes." You will receive a hearty welcome. Good music. Special selections.

Mr. E. H. Baker will address the boys at 3 p. m. Sunday, using as a basis the interrogatory, "Which?" Be present, boys, and bring your friends. Reporter.

### TRAIN HELD UP.

Four Bandits Bind Engineer and Fireman.

St. Louis, Mo., Jan. 21.—Missouri Pacific train No. 8, from Kansas City, due here at 10:40 o'clock tonight, was held up by four masked men between Clencoe and Eureka, thirty miles from here, at 9:45 o'clock tonight. The four men mounted the cab and after binding the engineer and fireman, detached the mail and express cars. The crew then ran the engine into this city to give the alarm. The passenger coaches are stranded at the scene of the hold-up and it is not known what has become of the other cars. The express car is said to contain several thousand dollars in currency. A special train is being made up here to go to the scene. Outgoing trains are being held until the missing cars are located.

he had not seen for twenty-eight years. He says his own brother did not know him, and that he carried on quite a conversation with him before he was recognized, the meeting being rather unexpected on the part of the brother.

### STRANGE KILLING.

Show Man Done to Death in Jail By Two One-Legged Tramps.

Little Rock, Ark., Jan. 21.—Sam Seibert, a show man, was killed last night by fellow prisoners in a cell in the city jail of Argenta, a town located directly across the river from Little Rock. He was beaten to death. Frank Morris is held by the coroner's jury for the murder and Jim Shaw as an accessory. Both are tramps and each has only one leg.

### Gould at San Antonio.

San Antonio, Texas, Jan. 21.—Edwin Gould of New York, president of the St. Louis & Southwestern system; W. H. Taylor of New York, vice president of the system; F. H. Britton, president of the St. Louis & Southwestern of Texas, and others, arrived in San Antonio this morning on a special train. They have been making a trip over the International and Great Northern with a view to purchasing the same. Mr. Gould, during his stay here, had nothing to say concerning the probable purchase. The party left in the afternoon for Laredo, whence they will proceed to Mexico.

this place Tubbs fell from the buggy and in falling apparently injured himself. Williams jumped from the vehicle to his assistance. It is said that Tubbs grabbed his (Williams') pistol from his pocket and shot him, the bullet entering the mouth and severing the spinal column at the base of the brain. McCann, who was unarmed, could not prevent the escape of the negro.

McCann spread the news of young Williams' death and a posse was soon formed. Tubbs was located about 4:15 o'clock in a negro shanty some two miles from the scene of the killing. He hid beneath the house and declined to surrender. Members of the posse were preparing to make an onslaught and burn the shack when Tubbs decided to surrender. He was quickly put aboard an International and Great Northern train and conveyed to Palestine for safe keeping.

When word of the killing spread the entire community became excited and it is freely said that the negro was removed to Palestine none too soon. He is an ex-convict, it is said, and owed a fine of \$20 here, which he was working out.

The body of young Williams, who was prominently connected throughout this section, was brought to Oakwoods and shipped to Jewett, accompanied by relatives and friends.

perceived in starting, slowing down, applying brakes or accelerating speed. The car is equipped with 210 cells, arranged under the seats of both sides. Of these cells 200 are for propulsion, and 10 for lighting, with a total force of 50-horsepower. Edison estimates that the cost of driving the new car will be one cent a mile. If the test today satisfies the experts, the problem of cables and overhead wires will be solved for city traction companies, as the new car generates its own power.

### COST ONE DOLLAR

To Record Instrument of \$1,431,741 Consideration.

Dallas, Texas, Jan. 21.—By an instrument filed today in the county clerk's office, a warranty deed so brief that the recording fee was only \$1, the Waters Pierce Oil company, by Robert J. Eckhardt, receiver, conveyed to S. W. Fordyce all the real and personal property of the Waters Pierce Oil company in Texas. The consideration was \$1,431,741.78 cash.

The deed specified that "money on hand" was not included in the transfer.

The filing of this deed concludes the case which has been interesting Texas for several years. The sale was made in execution of mandates of Texas courts, sustained by the supreme court of the United States.

The deed did not recite specifically the holdings of the Waters Pierce Oil

company in Texas, but a general conveyance of all properties of the company in the state was made.

The consideration named in the deed was larger than any given in a deed ever filed heretofore in Dallas county. Deputy County Clerk J. E. Record, who received the deed for filing, said he had never before, privately or in office, handled a million dollar transaction. He remarked that it was fortunate for the parties to the transaction that the cost of recording a deed was based on the length of the document and not on the amount of the consideration.
